The following report was submitted in To the Hovorable the Common Council solution of your honorable body requi-

ing J. W. Pratt to report by what authority he has permitted interments to be made in the City Cemetery since Sept. 15, 1868, respondent begs leave respectfully to submit the following answer: In December 1863 he was duly elected and qualified Superintendent of said City Cemetery for the ensuing year, and accordingly undertook the lischarge of the duties of said office, and become subject to the penalties prescribed in the event of the violation of the same That the following are some of said duties

That the Cemelery shall be divided off by the Superintendent in the following manret: 1st. One portion for the inhabitants of the city and those owning lots in the said

color, (city laws, page 154, sect. 4.)
The 5th section imposes the duty of sell ing cemetery lots upon the superintendent, and prescribes the mode by which it shall be done. The 6th section, the amount which the superintendent shall charge and receive for digging and furnishing graves Section 7th. The price of ground wanted for graves for citizens of the corporation. Section 8th, "That all persons living in Davidson county, or elsewhere, who may want ground for graves shall pay the prices" therefore as therein prescribed Section 9th declares that if the sexton shall fail, neglect or refuse to dig or fill up any tion acts. grade, or shall improperly treat any dead body or shall otherwise neglect or refuse to

perform any of his duties he may be dis missed by the City Council. It will be perceived that the words atperintendent and sexton are used interchangeably in said act. Herewith are filed certain orders from His Honor the Mayor, commanding re-pondent to inter the parties named thereis. It will be remembered that the people of Nashville acting through their duly constituted author ties purchased certain land and set apart and devoted the same to the purpose of the burial of all their dead, rich and poor, white and black, citizens and strangers. That said lands were to be used alone as a cemetery. That upon the good faith of this undertaking, citizens and others bought lots therein and buried their relatives, friends and strangers; by the deeds executed by the corporation said purchaser became vested with all the rights therein granted. That each and all the citizens, whether owning lots or not, have still the right to insist that said land shall continue to remain and be used and employed as a cemetery. Respondent is therefore advised that the devotion of said land to such purpose as aforesaid, has vest-ed certain rights which cannot be divested by any action of the corporation. That not only any ordinance of the city of Nashville, but also any legislative enactment impairing the obligation of contracts is un-constitutional, and consequently null and void, and the ordinance of the Common Council declaring said cemetery a nuisance, is wholly ineperative, and a court of udicature alone can adjudge it a nuisance, and notil this is done, the duties assumed by respondent, when installed, are incumbent upon him. Respondent therefore states that the authority by which he has

permitted interments in said cemetery is the law of the land, and if he should refu-e or fail to make those interments, he subjects himself to the penalty of being dismissed from office, and is liable also in damages to any party injured or aggrieved

Respondent indulges the hope that he foregoing answer may be satisfactory to your honorable body, and has the honor to remain your obedient servant, J. W. PRATT
